**DECISION** Annual Report 2008

*PRICEWATERHOUSECOOPERS* 

**THE TOP 500**

**THE SOUTH'S LEADING COMPANIES**

Researched and compiled by **DECISION** business magazine

© 2008

The information for each of the Indexes which follow is according to the latest audited accounts filed or made available by Thursday 3rd July. To qualify for inclusion, a company has its functioning head office or registered office at which directors are based within Berkshire, Dorset, Hampshire, Isle of Wight, Surrey, Sussex, Wiltshire.

If a company has a number of sites in the UK, and its accounts reflect them all, then it is included only if its base

within the above geographical location is considered to be its main location.

Where a number of companies are part of a group which is also based in the region, and the accounts are consolidated, then the group company is the one which is included.

If a number of companies in the south are part of a group which has its head office elsewhere, then the individual companies will each be listed with their own specific figures.

No existing ranking or

format exists as a basis for the information which has been compiled solely by DECISION business magazine.

Where necessary in the rankings, accounts have been converted from US dollars (1 dollar = 53p) and from euros (1 euro = 78.7p).

In the rankings, a dash or blank space in a year-on-year comparison column means either that no data exists for one of the two financial years in question.
